Beginning January 15, 2009, all contractors and subcontractors with Federal contracts will be required to use the E-Verify system for their employees. The E-Verify system, a web-based program operated by the Department of Homeland Security and the Social Security Administration, allows an employer to authenticate its employees' legal work status in the United States. For additional information regarding the new Federal contractor requirement, [click here](#). For more information regarding the E-Verify system, [click here](#).
